I am very passionate and considerate about research and how design plays a role of innovation. I love to create solve problems that fall between the possible and impossible. I use my designs to encourage thoughtful discussions amongst people. I always start my process in the position of inquiry and research.

Education

2017-2019

University of
Central Missouri

2019-2023

Kansas City
Art Institute

I gained knowledge of design principles and experienced a wide range of cultures and diversity in both design practice and community.

Work

2021-2022

Beals Studio
Assistant

I learned how to instruct and guide students to use digital fabrication tools such as 3D printing, laser cutting, and CNC milling.

Jan 2023-May 2023

H&R Block Artspace
Internship

I learned what it means to curate designs that represent others in informative ways. I managed the design work for large exhibitions like the KCAI BFA show.

May 2023-Sep 2023

Lifted Logic Jr. Graphic Designer

I learned how to communicate with clients, create websites in WordPress, create ongoing social media design campaigns, and design in Figma.

Sep 2023-Current

Populous Graphic Designer

I learned how to incorporate multi-million dollar brands within our strategy to win client work for our sports architecture firm.

Awards

AIGA KC

A16 "Doing the Work Award"

I have won an award for my tribute to a collaborative research book focused on exploring the diversity of design.

ARMY

Achievement Medal

I received this award for my service on a 2018 Deployment for operation SPARTAN SHIELD in Kuwait.

D&AD

New Blood X Editor Portfolio Competition

The Portfolios competition recognizes excellent portfolio websites across a number of disciplines.
